### **DETAILED ACTION**

1. Applicant's petition to withdraw the holding of abandonment has been granted. Claims 1-8, 25-28 and 31-40 are pending. Applicant's amendments and arguments of December 22, 2008 has been fully and carefully considered. Applicant has properly shown that the Stevens et al. can not be relied upon as a prior art reference as this reference does not qualify under 103(c) as this application is commonly owned/assigned with the instant application. Accordingly, the rejection of the claims over Stevens in view of Opoku is withdrawn.

2. The following is an examiner's statement of reasons for allowance:

The prior art fails to teach and/or suggest an apparatus for heating a bitumen forth by steam including an injector body for introducing steam into a enclosed chamber passageway wherein bitumen froth and steam are heated under pressure in the enclosed passageway of a static mixer body the mixing action and increase in temperature by the injected steam results in reducing the bitumen viscosity and permits the release of entrapped air form the bitumen froth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to N. Bhat whose telephone number is 571-272-1397. The examiner can normally be reached on Monday-Friday, 9:30AM-6:00PM.
